The Open Society and Its Enemies by Karl Popper

The French philosopher Henri Bergson coined the term open society in 1932. The idea was further developed during World War II by the Austrian-born British philosopher Karl Popper. Bergson describes a closed society as a closed system of law or religion. It is static, like a closed mind. Bergson suggests that if all traces of civilization were to disappear, the instincts of the closed society for including or excluding others would remain. In contrast, an open society is dynamic and inclined to m
